Ref: NSF® Certification

Graphite Metallizing Corporation proudly announces that NSF International has certified grades of GRAPHALLOY® material for use in municipal well pumps and water treatment plant applications. These GRAPHALLOY grades are certified to NSF/ANSI Standard 61—"Drinking Water System Components - Health Effects" and approved in the category for Multiple Water Contact Materials up to 180° F.

GRAPHALLOY Grade GM 695.3
GRAPHALLOY Grade GM 696.3

NSF Certification is the result of Graphite Metallizing's rigorous product testing to ensure the highest quality GRAPHALLOY products for the market.

NSF International

RECOGNIZES

Graphite Metallizing Corp.

Yonkers, NY

AS COMPLYING WITH NSF/ANSI 61 AND ALL APPLICABLE REQUIREMENTS.
PRODUCTS APPEARING IN THE NSF OFFICIAL LISTING ARE
AUTHORIZED TO BEAR THE NSF MARK.

This certificate is the property of NSF International and must be returned upon request. For the most current and complete information, please access NSF's website (www.nsf.org).
